Over **90 Years** of Educational & Social Empowerment

Since 1925 the Zia Ul Ummah Foundation has been on the ground in Pakistan, opening the door to schooling and welfare for those who hail from poor, disadvantaged and less socially mobile backgrounds. With your support, here are some of 2020's successes.

FEEDING THE POOR OF PAKISTAN

During the COVID-19 pandemic we have expanded our food project to feed thousands of families across the whole of Pakistan. Food poverty has risen dramatically due to various restrictions and this year we are committed to feeding more people in the month of Ramadan with extended Iftar programs and family food packs.

SHARING RAMADAN 2020

Last year we served over 2000 poverty-stricken families with over 10,000 iftar meals during the blessed month of Ramadan. Our Iftar and food pack projects are growing year on year. We provide hundreds of families food packs every month and aim to serve 1000 people a hot meal every day. We pray that Allah (swt) permits us to continue being amongst those that feed the hungry. "And they feed, for the love of Allah, the needy, the orphan, and the captive" [Al Qur'an 76:8]

GIRLS COLLEGE EXPANSION & SCHOOLS UPDATE

Alhamdulillah with your support, in November 2020 we completed the building expansion. We are still in need of IT equipment, library books and resources. Thousands of girls apply to join our college in Bhera to benefit from a free education. During the 6-year programme we provide a full boarding service that caters for all of their physical and educational needs. Because of your generosity our facilities can now adequately meet the needs of students. In total 675 students graduated from our schools last year, 500 boys and 175 girls.

MASJID ABU BAKR PROJECT COMMENCES

We are pleased to inform you that the foundation will be establishing a Masjid in Bhera, Punjab. The new Masjid will be constructed next to the school complex and it will accommodate over 3000 worshippers. Planning works have begun with the appointment of architects and consultants. The Prophet Muhammed (pbuh) said: 'that if you build a House of Allah, Allah builds for you a house in Paradise.' Please take your share.

Hifaz Schools

Beautifying Hearts with Al-Qur'an

At each of our 200 schools, 10% of students opt to take the Quranic memorisation course. Our 100% completion rate is a testament to both the quality of our teaching and the dedication of our students. Our 3-year memorisation course advances students' knowledge and understanding of Islam. It's structured so they're able to take their studies to university level and enter the world of Islamic scholarship, while also giving them the option to study traditional subjects at a higher level too. We've managed to create a balanced curriculum that offers the best of both worlds.

HIGHLIGHTS

In 2020, 89 children completed their Hifz program and memorised the entire Qur'an, of these 51 were boys and 38 were girls.

Future Scholars Programme

Fostering Balanced Islamic Scholarship

The Zia Ul Ummah Foundation believes education is vital in preventing ignorance and disaffection which can lead to extremism. Our scholar program offers a full education studentship. It covers the cost of college and university for aspiring male and female scholars who come from disadvantaged backgrounds. We offer A-levels, bachelor's and master's degrees in Islamic studies, including Quranic studies and Arabic. Because we teach in English, our graduates are able to make a positive impact at a national and global level, many of them have gone on to become lawyers, teachers, bankers, or academics in the US, UK, Holland and Germany, where they act as representatives of balanced Islamic scholarship. The program also provides free accommodation and meals, as well as books, clothing and extra financial support for students who live below the poverty line.

Our Water Project is Making a Difference

Mrs Iqra Malik generously sponsored a widow, Fatima and her 3 children. She was struggling without clean water for many years. Team ZUF surveyed her area and installed a handpump in her house, her children are now thankfully drinking clean water. She said it has completely changed her life, "I would often have to travel to collect water from local pumps and on occasions I would find the water would make my children sick, now we have our own supply and I have never seen my children happier."

Zakat Giving - Purify Your Wealth

Alhamdulillah, every year we help thousands of families with your Zakat contributions. We have a dedicated Zakat Distribution Team that personally assesses and organises localised Zakat projects to reach those who are most destitute. After the declaration of Faith and Salah, Zakat is the third pillar of Islam, a compulsory form of worship through financial sacrifice, whosoever fulfils the requirements of Nisab is eligible to give Zakat.
